Tuff-Lok X-Link VCT Adhesive

- Cross-Linking Technology
- Waterproof Adhesive Bond when fully cured
- Fast Drying / Labor saving
- Excellent Moisture Resistance up to **5 lbs. Emission** (per ASTM F-1869 test method)
- Strong Elastomeric, Flexible Bond
- VOC Compliant - Low Odor
- Easy Clean-Up in the wet state
- Meta-Sept® Antimicrobial Protection
- Long Residual Tack

Certified For

meta-sept®
ANTIMICROBIAL
meta-sept is a proprietary antimicrobial agent that protects against the multiplication of bacteria and fungi in the wet and dry adhesive or coating film.

Taylor #2083 Tuff-Lok X-Link VCT Adhesive, with Meta-Tec® technology is an advanced cross-linking resin blend pressure sensitive adhesive recommended for the interior installation of vinyl composition tile (VCT), asphalt tile, and closed cell foam back hardwood parquet over approved substrates. Do not use to install vinyl backed flooring of any kind. #2083's cross-linking technology is formulated to dry fast and gradually build into a tenacious waterproof bond when fully cured. #2083 is a solvent free, low odor adhesive that meets all federal, state and local governmental indoor air quality regulations.
