

SAHARA™

Next Generation Moisture Vapor Barrier for Concrete Subfloors, No Moisture Testing Required

SAHARA™ was developed to tackle the most challenging moisture mitigation issues by offering premium protection in a 1-part, 1-coat system. SAHARA™ forms a clear, water repelling moisture vapor barrier that can handle any situation without needing to test moisture levels, making it one of the most aggressive moisture mitigation products on the market. Designed to be used in conjunction with approved patch & leveler and Taylor Engineered Adhesives.

FEATURES:

- Quick & Easy: 1 Part – 1 Coat, fast curing
- Extreme moisture protection for challenging environments
- Designed for use with Taylor Engineered Adhesives
- Health/Environmentally conscious formula design
